

## Program Manager (18018)

Our client has an immediate contract need for an Azure Stack Compliance Management PM who is customer focused, detail oriented and able to drive. You will manage compliance across teams. This role will involve finding the root cause of problems, manage the SLA's for the team, manage data and status reports, and deal with spreadsheets.

### Responsibilities:

- Contribute to process improvement and tracking for Privacy and Accessibility.
- Work closely with product group engineers and program managers to drive resolution to privacy (including GDPR) and accessibility requirements.
- Manage dashboards, communications, and tactical level driving metrics for completion against set timelines.
- Risk mitigation and escalation to management when deadlines are pending or behind.
- Provide summary communication (weekly, monthly as needed) on compliance plans, status, and action items.
- Partner with Azure compliance team on clarifying and developing action plans for central Privacy and Accessibility requirements.

### Requirements:

- A minimum of 5 - 7 years of program management experience in the context of operations-related fields is required.
- Privacy manager, privacy certifications, general privacy experience and accessibility experience a plus.
- Excellent communication skills and team player with ability to build solid relationships with individuals at all levels, in multiple geographies and business functions, both internally and externally.
- Must possess broad problem solving and analytical skills. Excellent judgment, decision-making skills, and the ability to work under continual deadline pressure when the situation is ambiguous.
- Strong negotiation skills and conflict management skills.

Axelerate offers Equal Employment Opportunity to all applicants regardless of race, religion, color, sex (including pregnancy, gender identity, and sexual orientation), parental status, national origin, age, disability, family medical history or genetic information, political affiliation, military service, or other non-merit based factors. These protections extend to all management practices and decisions, including recruitment and hiring practices, appraisal systems, promotions, and training and career development programs.
